THE PERICLES GROUP

VERBA Rules

1. Each player draws seven white VERBA cards.
2. The player who most recently celebrated a birthday begins play as the first judge.
3. The judge draws a colored VERBA card and reads the fill-in-the-blank phrase out loud.
4. The judge then places the colored card on the table for all players to see.
5. Each player (other than the judge) completes the sentence by passing a white card from their hand, face down, to the judge.
6. The judge then shuffles the white cards he or she has received and shares each white card by reading aloud the answer with the colored card. **NB:** the judge should be sure to say the noun in the correct form to fit the colored card.
7. The judge selects the best response and whoever submitted that response receives the corresponding colored card. This player places the purple card, face up, in front of him or her.
8. All white cards used in that round are placed in a discard pile.
9. Each player should draw one additional white card so that they have seven white cards in their hand.
10. The winner of that round becomes the new judge and the next round begins.
11. The game ends when the players run out of white cards. The player who has the most colored cards in front of him or
